Using HyperMotion, the ball will react dynamically and provide a more accurate experience during possession, while the AI remains smart and in tune with the game. And this isn't all. FIFA 22 introduces "Real Player Motion Plus," an exclusive technology that uses advanced real-time motion analysis to give players more control over their natural movement and lifelike ball physics, while providing a more direct and intuitive connection with the ball. New rules in FIFA 22 match the game to real-life rules and provide authenticity and depth, while the FIFA Ultimate Team card update includes the FIFA 22 card collection. FIFA 21 was voted "Game of the Year" by leading TV and magazine channels across Europe and the United States earlier this year (2016). About Electronic Arts Inc. Electronic Arts Inc. Fifa 22 [Win/Mac]

FIFA (International Federation of Association Football) is the world's biggest and most popular videogame brand. It has sold more than 500 million copies worldwide and is the best-selling sports videogame of all time. More than one billion people play FIFA around the world, with over 125 million in North America alone. "Association football" (soccer) is generally a simpler game to grasp, thanks to a standard set of rules that has remained the same for over 100 years. But the incredibly intricate gameplay of FIFA has always combined the best of the real sport with a high-octane, connected football simulation. FIFA games require the player to design his own team and take them to glory in a variety of competitions. The league, cup, Champions League, world cup and the various other cups, all feature. Players can get involved in these competitions over many seasons, making their own memories and results with their team. The beautiful game is as close as it gets to real life as our players compete to become champions. FIFA is designed to feel fair and not make easy things impossible. You don't need to have a football background to enjoy the thrill of playing FIFA. More than two million players start FIFA every day. FIFA is much more than just a videogame. Gameplay FIFA 22 brings a number of fundamental gameplay advancements, all delivered with the trademark beautiful game football experiences. 5 Touch Chemistry The new 5 Touch Chemistry receives increased emphasis throughout the gameplay, helping players realise their ultimate vision of play as easily as possible. 5 Touch Chemistry involves the player's ability to respond, execute and react in a given situation with a team-mate, with a group of players or an opponent. The player can create devastating attacks from any line-up in 1-v-1 situations on any pitch in any weather. Players take advantage of the new Direct Pass System, which makes passing the ball more effective and intuitive when attacking, and makes more passing options accessible when defending. Players can now choose between a variety of AI Attacking Tactics (AAT) and AI Defensive Tactics (ADT), giving the player more room to personalise their team and enjoy more creative control over the progression of the game. Tactical Defending Players can now manage four players at a time on defence, enhancing their understanding of their team's positioning on the field. 4 Skill Tricks Once again bc9d6d6daa

What's new in Fifa 22:

- **The Richness of Dreams: Take the lead in the new Dream League - a high-octane new mode with all kinds of goals, loads of unknowns and a genuinely other-worldly feel. We want the Dream League to be as difficult as the pros, but also as organic as you're having a normal day at work.**
- **New Stance System: FIFA 22 introduces the first major evolution of the Attack, Stance and Sprint systems in football, with the ability to dynamically change player positioning in the blink of an eye.**
- **The Game is Live: FIFA 22 introduces live movements in 1v1 situations, with precise reactions like kneeling, sudden jostling and blows that can be coupled with gameplay decisions. This is an early gameplay milestone before the massive opening up of game modes and features in the game.**
- **Ultimate Skill Creator: As part of the game's FIFA Studio, you can completely change things up in FIFA Ultimate Team, with the ability to mix and match kits in every team as well as play with a different formation.**
- **FIFA Skills Academy: Take your FIFA knowledge to new levels in the FIFA Skills Academy. This mode invites you to master your freekicks, penalties, set-pieces and corners in an interactive tutorial environment.**
- **IFBA Scores in Full: We have brought LIVE IFBA Scores to the FIFA trademark. IFBA is a mode that puts you in the boots of any IFBA club, so you can go to the record books and climb up the league and cup rankings as your ambition takes you**
