"religion". It's also been brought to my attention that there are a large number of denominations that claim to be religions, but they don't use that word to describe themselves. Are there any official or commonly recognized definitions or guidelines that govern or prohibit the use of the word "religion"? A: This is probably not an official answer, but I think the most appropriate way to deal with this is by going back to the original etymological usage of the word. an esoteric and mystical doctrine of salvation, often involving the notion of a personal God (Ger.
